## **CRASH KILLS MOTORCYCLIST**

February 27, 2009 (Frisco, TX.)

On Thursday, February 26, 2009, at approximately 3:00pm, Frisco Police, Fire, and E.M.S. units responded to a reported major accident on westbound SH 121 service road, at southbound Dallas Parkway. Upon arrival, it was determined that the operator of a 1994 Harley Davidson motorcycle, Ronald Adams, 59, of Frisco, had been transported to Plano Presbyterian Hospital, where he was pronounced dead from his injuries. The other vehicle involved was a 2005 Acura, driven by Michael Phillips, 20, of Frisco. Mr. Phillips did not receive serious injuries in the crash and was not transported.

According to witnesses at the scene, both vehicles were traveling the westbound service road of SH 121, approaching Dallas Parkway. Mr. Adams motorcycle was in the left turn only lane and attempted to continue straight on the service road. The Acura was in a left/thru lane and legally turned onto southbound Dallas Parkway. Adams motorcycle struck the left drivers side of the Acura, throwing Adams from the motorcycle. Mr. Adams was wearing a helmet at the time of the collision. Investigators do not intend to file charges in this accident.
